

Find the area of these shapes using the 12 times table.

The grid contains the following shapes and illustrations:

- A vertical rectangle on the left side, measuring 1 unit wide and 10 units high.
- A large horizontal rectangle at the top, measuring 10 units wide and 4 units high.
- A vertical rectangle in the middle, measuring 4 units wide and 4 units high.
- A vertical rectangle on the right side, measuring 4 units wide and 6 units high.
- A horizontal rectangle at the bottom, measuring 10 units wide and 4 units high.
- A vertical rectangle at the bottom left, measuring 1 unit wide and 4 units high.
- A large horizontal rectangle at the bottom right, measuring 8 units wide and 4 units high.

Illustrations within the grid:

- A green and yellow striped snake on the left vertical rectangle.
- A black pterosaur in the top horizontal rectangle.
- A green long-necked dinosaur in the right vertical rectangle.
- A clown in the middle vertical rectangle.
- A yellow Stegosaurus in the bottom left vertical rectangle.
- A white rabbit with a yellow egg in the bottom right horizontal rectangle.
