

Can you answer these spooky halloween questions?

- ★ Three wizards decided to brew up a wicked potion. They mixed: 3 litres of bats blood, 2 litres of toads spit and 4 litres of frogs spawn. How many litres of potion did they make?
- ★ Two spiders were caught in a witches trap. They have 15 minutes left to escape, before the witch comes back, if the time is quarter past 4, what time must they escape by?
- ★ 6 bats are flying on Halloween night. If 9 more bats join them and 2 leave, how many bats are flying on Halloween night?
- ★ 7 toads, 6 newts, 3 bat eyes and 4 bat wings. How many items are in the witches cauldron?
- ★ The wizard need 7 metres of spiders web for his new spell. He has $6\frac{1}{2}$ metres, how much more does he need?
